My daughter, **Jaladhi Joshi** got **99.98 percentile in JEE Mains**. What makes Scholar's Academy stand out are the teachers here. They are all so motivating, organised and try to deliver whatever they know or is required. Perfect. You could ask a question whenever it arises. Tests are discussed. Teachers regularly motivate you to do your 100%. I owe the success of my child to Scholar's Academy.

My son, **Partha Shankar got 99.2 percent in 10th Board**

**Exam.** Scholar's Academy is one of the best coaching institutes in India out there! With competition becoming tougher day by day, teachers matter the most from which the student is learning. Having great teachers is a privilege and learning from them is the best opportunity you can have. Scholar's Academy has successfully produced brilliant results consistently over the years and has helped my son also to shine in exams.
